An NHS poster with a yellow background. At the top right is the NHS logo. The text reads: 'Put it by the loo. Don't put it off.' Below this, it says: 'The NHS bowel cancer screening kit can detect signs of cancer before you notice anything is wrong.' To the right is an illustration of a toilet with a white NHS bowel cancer screening kit box sitting on the rim.

The NHS bowel cancer screening kit can detect signs of cancer before you notice anything is wrong. If you're sent a bowel cancer screening kit, put it by the loo. Don't put it off.

An NHS poster with an orange background. At the top left is the 111 logo with the text 'Help us help you'. At the top right is the NHS logo. The main text reads: 'Need urgent help for your mental health?'. Below this, it says: 'Call 111 and select the mental health option'. To the right is an illustration of a person sitting on the floor, looking distressed, with a hand to their face.

We Use AI Medical Scribes

A Heidi AI Scribe advertisement with a dark blue background. The text reads: 'We want to focus on you'. Below this, it says: 'Our clinicians use Heidi, an AI note taker, to write their clinical notes. This means less time typing and more time focussing on you.' At the bottom left is the Heidi logo. At the bottom right, there is a small text box: 'It's safe and secure and you can ask to see what Heidi writes. We think you'll love the difference Heidi makes to your care experience but if you'd prefer not to have Heidi in the room, just let your clinician know at the start of the session.'

At **Almondbury Surgery**, we are committed to providing you with the highest standard of care. To help us achieve this, we use **Heide AI Scribe**, a secure and advanced tool that assists our clinicians during

consultations by documenting the conversation. This allows our clinicians to focus more on you and less on paperwork. **What is Heide AI Scribe?** Heide AI Scribe is a secure, artificial intelligence (AI) tool that listens to the consultation and creates accurate, summarised notes for your medical record. It is designed to support clinicians by saving time and ensuring your records are up to date. **Clinicians review and approve the notes captured by Heide AI Scribe before they are added to your patient record.**

**Upcoming Bank Holiday Closure: Monday 25th August 2025.
We will re-open on Tuesday 26th August 2025 at 8am.**

Never Give Up Day 2025
International

What is Never Give Up Day? Never Give Up Day is all about cultivating a mindset of determination.

Measles cases are rising in England. It spreads easily and can cause serious illness, especially in babies, pregnant women and those with weak immune systems. MMR vaccination is safe and offers lifelong protection. For more info, visit <http://nhs.uk/MMR>. The MMR vaccine is recommended for all babies and young children, but older children and adults can have it if they were not vaccinated when they were younger.

PATCHS is available for patients to submit non-urgent clinical and admin (non-clinical) requests to Almondbury Surgery via our Website. PATCHS is to be used for a minor illness that may require a prescription or simple advice from a GP.

NHS

Measles can make your child seriously unwell

Make sure your child is up to date with their MMR vaccinations.
